ALL ABOUT ART

## **We go way back...**

Clairy Laurence and Shannon Garson met about 25 years ago when Shannon was asked to be part of Clairy's gallery Amfora and decorate pots for her. Shannon feels that Clairy has helped inspire her to be the artist she is today.

It is something special when you can bring two artists together again who now 25 years later have both forged their own strong career paths in ceramics.

This exhibition "Nocturnus" is an exhibition of creatures of the night, light and dark, mystery and celestial navigation.

We welcome all to enjoy and purchase your very own piece of Clairy or Shannon ceramics.

It's also a big thank you to our clients for helping support Australian Ceramics we need to keep buying hand made and unique treasures by our local artists.

Don't forget if you are in Buderim on Saturday the 15th Clairy and Shannon will both be at the gallery doing demonstrations on how they make their beautiful creations from 11.30am Free to attend!

## *Shannon Garson*

Shannon is a home grown Sunshine Coast Artist. Living in Maleny with her Husband and two daughters Shannon runs her pottery studio from her home base. Each piece is an artwork and the combination of many hours work. She chooses to work with Fine White Porcelain and her signature trademark is to hide a painting underneath the pot / beaker or vessel giving all surfaces attention and allowing the owner of the pot to know that they have a secret painting just for them or to share.

"I want the surface of the pot to be part of the drawing, not just a surface for drawing to sit on. I want the whole pot to be experiences, from the weight of it as you pick it up, the texture, the drawing, colour, smoothness of the glaze, all the elements are to be experienced with the vessel"

Keep an eye out for hidden moths....

*Moths are attracted to these porcelain bottles they land on them and infuse them with whispered, mothy secrets. No-one but a moth knows the true secrets of the night...Shannon*
